Please call the MD Forest Service ([410-535-1303](tel:410-535-1303)) at least 5 business days prior to burning to obtain a DNR Forest Service Burn Permit

Martin O'Malley, Governor
Anthony G. Brown, Lt. Governor
John R. Griffin, Secretary
Eric Schwaab, Deputy Secretary

Dear Burn Permit Applicant,

In addition to the Calvert Count Environmental Health Department permit that is needed for any open-air bum, a MD DNR Forest Service permit may also be required, depending on the proximity of the bum pile to the woods. The Maryland Forest Service enforces the following open air burning regulations.

COMAR 08.07.04
Forest Fire Protection
Authority: Natural Resources Article
§§5-209 and 5-604, Annotated Code of Maryland

Definition

For the purpose of this regulation, Open Air Burning is defined as a fire where any material is burned in the open, except small recreational fires such as campfires.

Application

This regulation applies to activities in woodland and within 200 feet of woodland, or activities adjacent to or within an area where flammable materials, that could ignite and carry fire to woodland, are located. These regulations do not apply inside the limits of incorporated towns.

Open Air Burning

- A. A person may not engage in open air burning *except* under the following conditions:
- (1) There is a natural or constructed fire break at least 10 feet wide completely around the material to be burned that is free of flammable materials;
 - (2) Adequate personnel and equipment are present to prevent the fire from escaping;
 - (3) At least one responsible person remains at the location of the fire until the last spark is out; and
 - (4) Burning occurs between the hours of 4 p.m. and 12 midnight E.S.T., except that when the ground is covered with snow the burning may occur at any time so long as all other requirements are met.
- B. A person may engage in open air burning, or prescribed burning, which does not comply with §A of this regulation, if the person has submitted a plan for that burning to the Department for review and the Department has issued a permit for that burning. The Director, in his discretion, may require conditions in the permit which are more stringent or less stringent than the requirements in §A of this regulation.
- C. In addition to the conditions and requirements in A and B of this regulation, a person engaged in open air burning shall comply with all other requirements.

Burning Ban

Under prolonged or unusual conditions conducive to easy starting and spread of wildfire, the Director may declare a complete ban on all open air burning in woodland or in areas of flammable material likely to carry fire to woodland, through the state or in any specific area.

To obtain a permit, call the Maryland DNR Forest Service at 410-535-1303, Monday - Friday between the hours of 7:00 am and 3:30 pm at least 2-3 days prior to burning. The permit is good for one month and there is no fee for the permit. Immediately before burning, please contact the Calvert County 911 Center at 410-535-3491 and inform them that you are burning. If you have any questions, please feel free to contact the Forest Service at 410-535-1303 or go to <http://www.dnr.state.md.us/forests/fire/firenotes.asp> for more information about Maryland burning regulations.

Respectfully,

J. Stupak
Project Manager
